The Torah Encyclopedia of the Animal Kingdom

(www.ZooTorah.com/encyclopedia)

The Torah Encyclopedia of the Animal Kingdom is a milestone in Jewish publishing. It includes:

- Entries on every mammal, bird, reptile, amphibian, insect and fish found in the Torah, Prophets and Writings;
- All scriptural citations, and a vast range of sources from the Talmud and Midrash;
- Detailed analyses of the identities of these animals, based on classical Jewish sources and contemporary zoology;
- The symbolism of these animals in Jewish thought throughout the ages;
- Zoological information about these animals and fascinating facts;
- Lessons that Judaism derives from these animals for us to use in our own daily lives;
- Laws relating to the various different animals;
- Stunning, full-color photographs, that bring the Scriptural and Rabbinic descriptions to life.

This is an essential reference work that will one day be commonplace in every home and educational institution.
